

## FAIRY GARDEN MAYPOLE KIT

Supplies:

- 1 cork
- 1 knitting needle
- 1 flower topper
- 3 small bells
- 6 brightly colored ribbons

Decorate your fairy garden with this lovely maypole made from repurposed items!

Insert the knitting needle through the cork, so that the cork acts as a base, and the knitting needle creates the pole.

Glue or affix one end of each ribbon to the very top of the maypole. Cover the ends of the ribbons by attaching the flower to the top of the needle.

Tie bells to three of the ribbons, and place in your fairy garden to enjoy! Listen for the bells to ring when the fairies are dancing.
